

# Linx 10<sup>10</sup> Education Edition

The Linx 1010 Education Edition supports 21st century learning by providing the powerful Windows® platform to enable communication, collaboration, critical thinking and creativity. A powerful Quad-Core Intel® processor enables you to maximise your productivity whilst the stunning 10.1" display brings all of your documents and entertainment to life, making education stimulating and fun.

With Windows 10 Pro students and teachers can collaborate using software that is so familiar, you'll feel like an expert right out of the box. Learn and teach the way that suits you, whether using a pen, finger, mouse or keyboard, Windows will adapt to your style and your different needs throughout the day, offering you a completely personal experience.

## Learning made personal.

Windows lets students and teachers use the powerful learning tools of Office, connect and collaborate with Skype and Lync, reach valuable education content in apps and services, safely and securely browse the web and also have some fun with Xbox games.

## Expand your experience.

The Linx 1010 Education Edition can be docked into the official Linx 1010 Keyboard Dock to seamlessly transform your tablet into a powerful 2-in-1 device for a versatile Windows experience whether it's touch or type. Look for the Linx 1010 Keyboard Dock sold separately or as part of a bundle.

## Join your domain.

With Windows 10 Pro you can connect to your business or school Domain or Azure Active Directory to use network files, servers, printers, and more.

 Windows 10 Pro
