

TabCabby 32V Specification Sheet

TABCAB32V

LapCabby

New thinking in ICT storage

www.lapcabby.com

Capacity:

- Universal design stores and charges 32 tablets without cases or 20 tablets with (most) cases vertically in 4 handy portable caddies. Accommodates all tablets including iPad, Android tablets, Kindle Fire and more

Exterior Design:

- Smooth rounded corners with shock absorbing bumpers to protect tablets inside and the school walls during movement from classroom to classroom
- Lock with keys located on the top preventing damage during movement through school building
- Separate compartment with rear facing door for access to the individual AC adapters
- Innovative and tactile ergonomic handles in a variety of colours located on the top making it easy to move
- Sleek design that is children and classroom friendly without protruding parts (handles, locks etc)
- Fitted with durable 100mm rubberised castors with locking facility. Extra strength is obtained by using an 8mm gauge steel plate welded to the frame which gives the castors additional strength and rigidity by spreading the load from the castor pins to the frame of the units
- L shaped doors for complete access to the unit
- Heavy duty steel frame with strong MFC cladding

Interior Design:

- Tablets are held in individual compartments within the four removable caddies
- Ergonomically designed, each caddy has two carrying handles for comfortable transportation
- With easy to adjust dividers, compartment sizes can be modified to allow for different sized tablets and protective cases
- When inside the trolley the caddies are held in place with fixed shelf supports to stop movement during transportation
- Simple cable storage system keep cables compact, neat and tidy
- All cables, power strips and the power management system are kept in a completely separate compartment, accessible via concealed door releases, for added safety and to prevent children from accessing and removing cables

Cable Management:

- Cables cannot be removed from the front of the unit to prevent cables from going missing
- AC adapters and power supply are stored in individual separate compartments to keep cables neat and tidy at the side of the trolley

Power Management:

- Power7 Energy Management System can be programmed to suit your schedule. Seven different charging schedules, one for each day of the week, allows charging between lessons, overnight or during Economy 7 (UK) or lower rate energy hours. Digital timer is supplied as standard with all trolleys
- All tablets are charged simultaneously with sequential switching facility to prevent circuit breakers from overloading

Air Ventilation:

- Specifically designed and tested air venting system to keep tablets cool while the unit is locked and the tablets are charging

Safety and Security:

- Concealed door release to separate electrical compartment for child safety
- A robust dual locking system with locks located on top of the trolley to avoid damages to the lock and key during movement within the school, especially through doorways. Additional keys are available

Dimensions:

- Unit size: W705 x D556 x H1010mm
- Adjustable interior dividers allow the caddies to accommodate protective cases - maximum storage area per tablet:
 - without cases: W12.6 x D285 x H200mm
 - with protective cases: W26 x D285 x H200mm

Warranty:

- 2 years with an option to extend to 5 years
- Supplied fully assembled

Upgrade Features

Connect

With its integrated D-Link access point, the TabCabby Connect tablet trolley upgrade allows each tablet quick and easy WiFi access

Ready4Connect

This option provides the same benefits at the TabCabby Connect. But, for an unrivalled level of customer flexibility, we allow users to incorporate their own preferred hardware or utilise hardware they may have already purchased

Charge&Sync

You can add this feature to store, charge and synchronise 32 tablets. Details available upon request.
