Headteacher: Mrs Janette Kewley

Monday, 19th September 2011

Western Business Systems installed a new projector, electronic screen and sound system in our school hall over the summer holidays.

The man who came to assess our needs and provide a quote was very helpful, giving useful advice without being pushy, and the very competitive quote was e-mailed through quickly.

The system is excellent, just what we needed, and it was installed very efficiently, without any fuss or bother.

We have used this company before, and would certainly use them again.

Janette Kewley (Headteacher)
