Dear Nigel,

I'm writing to express our great pleasure in the service that you have provided for us over the past few years.

Our first experience of the company was when we had numerous whiteboards and a hall system installed at our old school. This was done quickly and efficiently and it was great to see the installation engineers going above and beyond to ensure everything was right.

When we were in the process of collecting tenders for our new building, Western were an obvious choice for all our IT needs. You were very quick to respond and offered great advice and ideas. You were always prompt with your replies and were excellent in liaising with the builders, ensuring all our needs were met.

Your aftercare and maintenance service has been superb and we have enjoyed being able to use our equipment to its fullest potential.

Your fantastic service has led me to recommend you to various colleagues and school and I wouldn't hesitate to continue to do this.

Thank you very much for an excellent service,

Andy Brewerton (ICT Co-ordinator)
